CALL FOR APPLICATIONS

INTERDISCIPLINARY RESIDENCY 2024

DEADLINE: 20. Oktober 2023

From April 26 until May 5 2024 the **Center for Choreography Bleiburg/Pliberk** invites (groups of) artists to a **10-day interdisciplinary residency in Carinthia**.

The aim of the residency is to enable artists to deepen and further develop an artistic question in a free and at the same time protected framework. The residency should be interdisciplinary, with dance being represented. During the residency phases, the artists are invited to explore and reflect on an artistic question on the theme of **TURNING POINT (ZEITENWENDE)**. The residency does not have to be linked to a concrete project.

The state of work will be presented on the last day in a final public presentation (studio visit, public performance, workshop, exhibition or similar).

PROGRAMATIC FOCUS

The Center for Choreography Bleiburg/Pliberk is looking for innovative artistic ideas that are oriented towards the central theme **TURNING POINT**. We are currently living in a time in which wars, hunger, crises, natural disasters and climate change are everyday topics. The Center for Choreography Bleiburg/Pliberk has always combined contemporary dance with socio-political commitment and follows the motto of its patron Johann Kresnik "Ballet can fight!". The applicants are invited to find and explore artistic questions freely according to the guiding theme.
